WITH MARIAM BAKER

In this workshop we will be using the potent tools of Sufi mysticism to immerse ourselves in the larger mandala of life, stretching our capacity for Love, Harmony, and Beauty in every breath.

We will open body, heart and soul to greater Mastery and the unique Message for each of us and for our planet in this moment; We will surrender to the Mystery of Breath and the dance of Wisdom;

We will welcome Miracle and the needed medicine of the moment; We will receive the energy of the Mother, the embrace of tender forgiveness and compassion.
